

FAÏENCE  PONCHON
ATELIER D'ETERNITE

FAÏENCE PONCHON, un Patrimoine bien vivant!

De 1820 à 1920, les carreaux des fabriques de Ponchon se sont vendus dans le monde entier. On retrouve trace de ces carreaux dans la maison de Monet à Giverny, dans celle d'Emile Zola à Medan et jusqu'en Uruguay où un musée leur est consacré - Museo del azulejo, Montevideo.

Cette tradition isarienne exhumée en 1991 est aujourd'hui perpétuée par Caroline Sobczak.

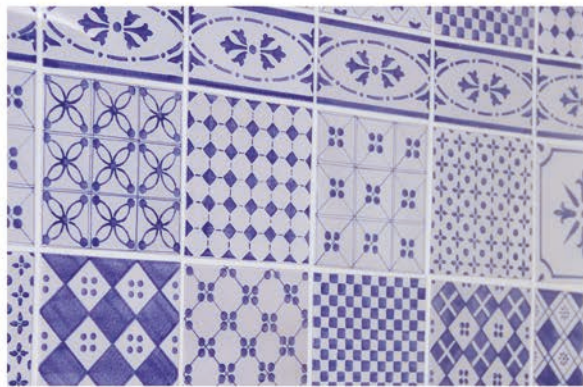

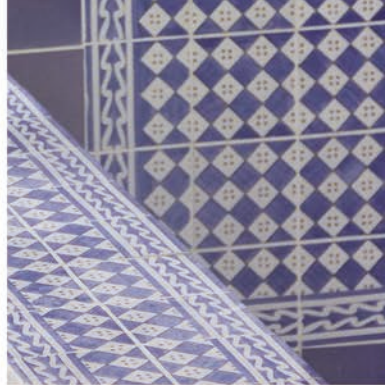

Le respect des particularités des carrelages traditionnels se mêle au souci de travailler sur commande pour s'adapter à vos besoins et envies.

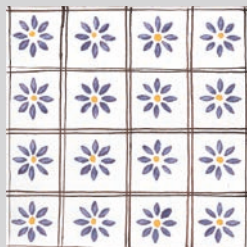

Décors de grand feu à la main et sur mesure de faïence :

Carrelage traditionnel et de création, plaques émaillées pour l'extérieur, vaisselle et pièces de création.

Notre savoir-faire : votre carrelage !
